

Pediatrics Open House

Friday, March 20th • 2:30–5:00 PM

MindStream Integrative Medicine is welcoming new pediatric patients!

We'd love for you to join us as we open our doors, share our space, and introduce the way we care for children.

Short presentations at 2:50 PM & 3:45 PM

Raising kids today brings joy and complexity in equal measure. Parents are sorting through questions, decisions, and unknowns almost daily.

Our intention is to stand with you in that work as a steady partner who makes room for curiosity, conversation, and the unique needs of your child.

Join us for an opportunity to:

- Hear a brief overview of our pediatric care path
- Explore the clinic
- Meet the MindStream team
- Ask questions
- Connect with local pediatric partners

Drop in at any point during the event window—stay for a presentation or simply take a look around, listen, and get a feel for the environment your family may soon call home.

Location: 503 A Ligon Dr, Nashville TN
